- **Rodney Pearlman, Ph.D., CEO, Saegis Pharmaceuticals**
- **Gary Curtis**, CEO, Concentric Medical
- **Sid Gilman**, MD, William J. Herdman Distinguished University Professor of Neurology, University of Michigan

"I have been to many medical conferences around the country, but the line-up of speakers at this conference, each thoughtful and insightful, was extraordinary. The diversity of topics covered - adequate time for follow-up questions - was impressive. Nothing was missed during the three nonstop days, from morning to night. I tip my hat to you for staging such an unforgettable event."
- *Gerald Couzens, Managing Editor, The Johns Hopkins Heart Bulletin*

Who Should Attend:

- Senior executives at medical device firms
- Clinical, medical affairs, regulatory and business development executives and their teams
- Venture capitalists and angel investor groups
- Investment bankers
- Buy-side and sell-side researchers
- Consulting, legal and other service providers
